

The BFG

I'm doing a book review about the BFG by Roald Dahl

I think you should read it because it's a good book to read to your children. There's also a movie. You can easily imagine things in the book.

The book is easy to read, it's got good characters in the book and it's also a funny book. My favourite character is the Bloodbottler. My favourite part was when the dogs were drinking the Froboscottle.

The book is about Sophie seeing the BFG, then he snatches Sophie and runs away with her. She tries to get away but the BFG stops her from escaping. Sophie and the BFG make plans to catch the Giants so BFG wouldn't have to worry about the them anymore.

One day he went to catch dreams with Sophie. They went through water until they got to the other side. When they got back they made a plan to go to the Queen. They went to the palace. Sophie went on the window of the Queen's bedroom and waited for her to notice her. When the Queen and Sophie were talking, she said that she would help the BFG get rid of the giants. The Queen went to catch the Giants and then put them on an island with snozzcumbers and the BFG was happy.

If you liked this book review you should get the book. It's by Roald Dahl.
