

Awful Auntie

Book Review

Awful Auntie is a great book because she puts Stella in a cellar because Awful Auntie wants the Saxby Hall all to herself. I also like the book because the author is David Walliams. My favourite part is when Awful Auntie dressed up as a cop to trick Stella into thinking it was a real cop.

There was a really funny part when Stella and Soot (her ghost friend) put bubbles in Awful Auntie's tooth paste.... there were bubbles everywhere!

So if you want to find out if Awful Auntie or Stella Saxby get Saxby Hall you should definitely buy this book and read it.
