

Book Review

Charlie and the Chocolate Factory.

In the a book a little boy
gets a Golden ticket
From a chocolate to go to
Willy Wonka's Chocolate Factory.
Charlie and the other
kids go through heaps
of doors in the factory. Everything
is made out to chocolate
and lollies. The kids saw the
Oompa Loompa's working all
Of the other kids did the wrong thing and so
Willy Wonka gave Charlie the factory.

I like Ronald Dahl's books and you should read it too
because he is a good author.
