

PIRATES AND THEIR CARIBBEAN CAPERS

By Mason

It's a book, a novel even, about the pirates that stole from the United Kingdom's Navy and it has story about pirates and they ship and also about stealing from the merchants.

It tells the stories of famous pirates and smugglers like...

-Captain Kidd - He's a big bully.

-Black Bart - He's a drunken fool.

And ships like...

Galleon—a big heavily armed ship

East Indiaman- a rare cargo ship.

And Man-of-War the heaviest armed ship of the time and weighed 1000 tonnes, a lot for the time.

It's a good book of history and good if you want to work at Penny Royal. Oh and it has jokes!!!

“Nice outfit.”

“Thanks I got it from the sails.”
