Why: This book is definitely one of my favourites because I make a personal connection with the main character (Greg Heffley) because sometimes I feel the way he does. Jeff Kinney has 20 other AMAZING! Books and even an AWESOME MOVIE that I recommend you watch. His books always have a goal they try to reach inside and outside of the books. They are great for kids that are 7 and over.

Quick Summary: Greg Heffley is an ordinary kid who likes girls but only has one friend. He tries to act cool around other kids and he tries to fit into groups of people but he's too shy and he loves sports such as soccer and basketball he plays those games with his best friend Rowley Jefferson.
