

A Diary of a Minecraft Zombie

by Zack Zombie

This book is about a zombie named Zack and his human friend Steve. Zack's parents says humans are bad but Steve has never hurt Zack. Zack goes to a school called Scare School and Zack is having some trouble at school because big mouth Jeff is always bullying Zack is always getting hurt! Once he even got his arm ripped off by an evil killer bunny. A few days later at Scare School Zack got invited to something called "Scare – cation" and at "Scare – cation" Zack and his friends go and scare villagers. Zack loves "Scare – cation" because Zack loves video games and borrows games off Steve.

I LOVE THIS BOOK BECAUSE MINECRAFT IS ONE OF MY FAVOURITE GAMES I'VE LOVED THIS GAME SINCE I STARTED PLAYING IT.
