

# Kids @ Providore

## Entrepreneurship for Kids

Many young people have amazing ideas that can be turned into their own business, but they don't know where to start.

This exciting new program will provide the young entrepreneur in your family with the ins and outs of turning ideas into market stalls.

Ending with a Kids @ Providore market where they can sell their items.

### Learn

Children enrolled in our entrepreneurship program will engage in brainstorming new ideas, learn how to market a product, package a product & understand selling to customers.

The program will inspire them with stories from stallholders. They will learn the secrets on how to become a Young Entrepreneur.

This program will get them ready for Kids Market Day at Providore Place

### Create

Children will create items to sell at the kids market at Providore Place

Creation of items will be done in their own time at home.

Items need to be created by the children with support from an Adult.

### Sell

Providore Place will run a special market on Saturday 2nd Feb as a Kids Market.

This will be the opportunity for our young entrepreneurs to setup their market stall, make it attractive, enticing and sell their creations.

There will be lots of help and support from volunteers and staff of Providore Place and the Devonport Library

**Program starts** Thursday 10th January 2019 and occurs every Thursday from 10/01/2019 until 31/01/2019 each session will be from 10:00 AM to 12:30 PM
