

Take the bus and leave the driving to *us!*

Catching the bus is 7 times safer than travelling in a family car.

Cheaper or free fares for students using rural bus services.

Spend less time and money on fuel and car maintenance.

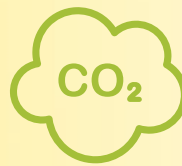

Help your child grow their independence and make new friends.

Promotes time management in children, allowing them to become conscious and careful about the timing their bus arrives.

Safer communities from less traffic, lower emissions, safer roads around the schools at drop-off and pick-up.

Less cars on the road means less environmental and health impacts from CO2 emissions.

Parents forget about racing against the clock in the AM. School buses are on time, all the time making mornings a breeze.

One school bus takes around 36 cars off the road and is the safest way to travel to and from school. Factor in all the other benefits and it's hard to find a reason to send children to school any other way. A message brought to you by Merseylink.
