

# Why our Schools are safe places.

**Public Health advice is that it is safe to send your children back to school because:**

Tasmania currently has a low rate of community spread.

Borders are still closed.

More people are being tested.

Adults use physical distancing.

## To keep schools safe we are:

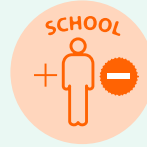

Increasing cleaning.

Making sure there is soap, sanitiser and tissues available.

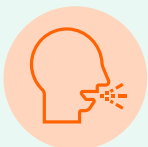

Not having large gatherings e.g. assemblies.

Limiting parents/adults on school sites.

## Don't send them if:

They are sick.

They have a health condition and you want to talk to your doctor first.
