

# Holiday Family Fun

## The Challenge

### Part 1.

To design and build a city using recycled and natural materials from your home

#### Criteria

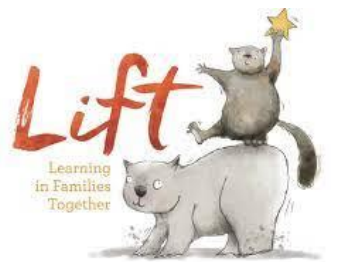

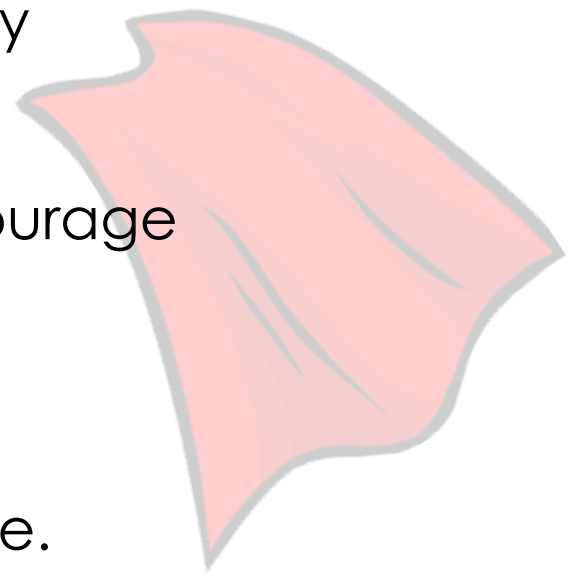

- Both children and adults must contribute.
- A sign or blurb to describe the city, who lives here and where your inspiration has come from.
- The city must be transferable (we need to be able to display it at school)
- It must be no bigger than 1 metre square
- Only recycled materials can be used, we suggest cardboard boxes, plastic bottles, bottle tops, sticks ....
- Glue, tape, and string can be purchased to construct your city.
- Paint, textas, crayons etc may be used.

### Part 2.

To design a Superhero to help the town in some way

#### Criteria

- The superhero must have traits that represent courage
- An image of the superhero must be presented
- Your superhero must be named
- The superhero's traits must be described.
- This can be presented in a format of your choice.
- Get creative!

**All entries must be handed in week 1 of term 3 to staff in the ALS**
